199-29100 P/L	Parts List for Order Code: 199-29100 (This Document)	1
PRM14A	Conditioning Procedure, Metallic Linings	1

**NOTES:**

1. The Cleveland Wheels & Brakes as listed are FAA TSO-C26d approved, quantities are furnished in pairs for replacement of existing equipment on FAA Type Certificated Aircraft (Original Equipment TC Approved or per TC holder Service Bulletin) or initial installation on an experimental non FAA Type Certificated Aircraft.
2. **Note! For a product to be TSO qualified, it has to have successfully demonstrated its ability to meet minimum performance standards in accordance with FAA recognized rating methods. The TSO approval of a product does not constitute installation approval or applicability on an FAA Type Certificated Aircraft.** It is the responsibility of those installing these products to determine that the aircraft installation and its wheel and brake performance requirements are compatible for the TSO ratings of the wheel and brake. TSO approved products must have separate approval for installation in a FAA type certificated aircraft. TSO approved products may be installed only if performed under Title 14 CFR Part 43 or the applicable airworthiness requirements.
3. Be advised that number "199-29100" is an Order Code Number only, to identify the grouping of the pre-packaged shipset of TSO Approved wheels and brakes for customer ordering and shipping convenience. At time of installation of parts contained within, the installer is to refer only to the Part Number of each listed wheel and brake assembly to indicate what parts have been installed on the aircraft. Do not refer to the 199-29100 order code number for installation purposes, as it is not an FAA recognized part number.
4. The 30-311 brake assembly is designed for use with hydraulic fluid per MIL-PRF-5606.
5. The 40-489 wheel assembly is designed for use with an 18x5.5, 10PR tubeless tire.
